

USA Spec PA11 VW6 iPod Interface Connect, Charge, Control and Play your Apple iPod to your Volkswagen Factory Radio

PA11– VW6 Smart iPod Connector

Connects, Charges, Control, and Plays iPod through your OEM Volkswagen radio.

New Hybrid mode!!!

Combines both playlist mode and direct mode !!

Use your iPod to create up to 5 favorite mobile play lists. Then, access, play, and control each favorite play list with your factory radio's CD Changer/AUX/Band buttons.

Or manually control your iPod and access all your content to play directly through your factory radio. New Hybrid mode combines both playlist mode and direct mode. In Direct Mode, the factory radio will control song up/down and random or shuffle Play. User can control all features of the iPod manually.

Our iPod connector also adds an additional Auxiliary input into your factory radio for audio device such as DVD player, Satellite radio tuner, or MP3 player.

Compatible with all iPods including iPod Nano & Video

Main Features

- * iPod interface connect, control, charge, and play iPod through the factory radio
